

New Year's
fireworks
are being
set off...

In the
Human
Confederation
of Raynin,

"However,
the one
thing that
clouds my
heart is..."

Let us all
think happily
of the new
year that has
arrived for us
yet again."

"My
beloved
citizens..."

The
King's
address
was...

Yes...

and
attending
many
ceremonies,
yet...

If I were
in the
Kingdom
now,
I would've
been
addressing
the citizens

"my
daughter,
Suya, being
held captive
inside the
terrifying
Demon King
Castle"...

a "Sleeping
New Year's"
to be this
wondrous...!

I
never
expected

I
wondered
whether
Demon King
Castle was
culturally
primitive!

Because
Christmas
was a train
wreck...

...Happy...
New Year?

Happy
New Year
Mwa!

Happy
New Year!

Oh,
Prin-
cess!

...Hm?

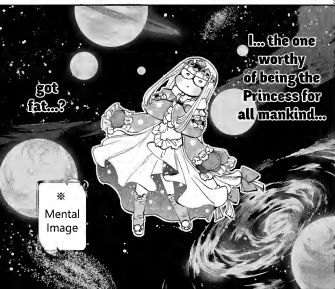

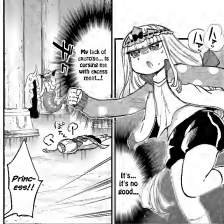

We're
bored!

They'll be
back soon,
though...

And even
better, about
half of all the
demons went
home for the
holidays, so
it's nice and
quiet, too!

But
Demon King
Castle's
New Year's
food was
excellent...

I've
finally
realized
that...

I won't lose to rice...

I won't lose to meat...

What are you saying!?

!?

She'll be a bit hungry by now, won't she!?

Three hours ago.

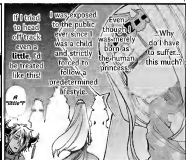

You're making it seem like you haven't eaten for three days straight! Hey!!

I want to become... a slim princess.

Just where does the standard for the norm... come from-

Everybody welcomes the norm, but...

If I had to head off track even a little, I'd be treated like this!

I was exposed to the public ever since I was a child and strictly forced to follow a predetermined lifestyle.

Even though I was merely born as the human princess.

Why do I have to suffer... this much?

...Crap, I've heard
of this before... Just
before humans die,
they recite poems or
verses...

Do you
reading
something
sad?

What
am I?

Wh...
what's
with
these
eyes...?!

They're
filled with
sadness...

Well...
Unfortunately,
me gaining
weight is a
reality...

There's no
meaning left if
I'm no longer
cute...!

!?

Princess...
is err...
"cute"
!!

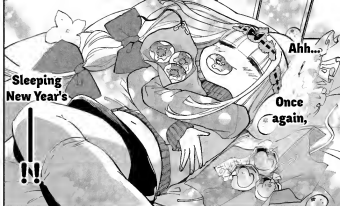

Ah! In
that case,
I know some
words that
human girls
are thrilled
to hear!

...It'd be
a good
idea to
cheer
her up,
right...?

...Yeah...
